## MEASUREMENT STANDARD

- A/NECK** Measure around your neck at the collar level. Remember to make allowance for comfort (Usually 2 fingers behind the tape).
- B/ CHEST** It is important to stand naturally, keeping the tape level and straight. A firm (not tight) chest measurement should be taken.
- C/ WAIST** Measure around natural waistline, keeping the tape level and straight. Do not measure over trousers.
- D/ INSIDE LEG** Take the measurement from the crotch to the top of the heel of the shoe.

- A/BUST** Measure around the body across the fullest part of bust, keeping the tape level and straight.
- B/ NATURAL WAIST** Measure around the smallest part or your natural waistline, keeping the tape level and straight. Do not measure over trousers.
- C/ LOW WAIST** Measure at a level approximately 4cm down from the natural waistline, keeping the tape level and straight. Do not measure over trousers.
- D/ HIPS** Measure around the widest part of your hips (approximately 20-30cm below your waist). In this position the tape measure should slide up, down and over the bottom.
